## Redmen's Convention Program Completed

### Sonoma To Be In Gala Attire For Reception Of Delegates

The local committees arranging for the convention of the Redmen and the Daughters of Pocahontas, which is to be held in Sonoma next month, beginning July 30th, have completed the outline of the program for convention week.

The city of Sonoma will be beautifully decorated with flags, pennants, bunting and electrical effects, the latter to include a large illuminated bell. Special poles will be erected by the light company for this feature.

The delegates will be met Sunday and escorted to headquarters at the Union Hotel, after which the parade will take place. Many floats symbolic of the Order inspired by Pocahontas and Captain John Smith will be in the line of march. The parade will be through Sonoma city out to the Springs and thence to Oak Grove park, where the convention picnic will be held.

Sunday evening at Union Hall, special entertainment with music and refreshments for the delegates and their friends has been arranged. There will be a safety fireworks display.

Monday the business sessions of the delegates will begin and in the evening there will be a concert in the Plaza and a dance at Union Hall to which the public will be invited. On Tuesday there will be business, interspersed with sight-seeing trips to historic and interesting places throughout the valley. A big banquet to the delegates will be given Tuesday evening in Union Hall.

Wednesday will be devoted to sight-seeing and general entertainment.

Delegates from Los Angeles, Sacramento, Oakland and other cities will be here with their friends and relatives and that they will be delighted with the hospitality of the local stamm and the sister organization Bear Flag lodge of Pocahontas goes without saying.

Voters, attention—register at once so that you may vote at the August primaries.

### MORRIS LEVY AND WIFE IN DIVORCE COURT

Morris Levy, well known Vineburg orchardist and Farm Center member, and his wife, the former beautiful Kitty Bosch, have parted, a divorce decree on the grounds of desertion having been granted Levy this week in Santa Rosa. Mrs. Levy has been residing in Napa since separating from the former proprietor of the Mervyn Hotel. Levy and his wife ran the well known Glen Ellen hotel before acquiring their Vineburg ranch. Kitty Bosch was one of the hands, some Bosch sisters of Vineburg and is considerably younger than Levy.

### DIED WHILE SWIMMING AT BOYES SPRINGS BATHS

M. Frankovich Affected With Heart Trouble Suddenly Expires Sunday.

Sunday morning as Prof. Harry Harmon was patrolling the swimming tank at Boyes Springs, he observed a bather suddenly sink beneath the water and fail to come to the surface. Harmon jumped into the tank, best clothes and all and went to the aid of the bather but when pulled to the surface and taken from the water, the man was past aid. The pulmotor failed to give relief and as the lungs were not filled with water, death from other cause than drowning was evident.

Coroner Phillips later held an inquest where it was determined that Mr. Frankovich, the visitor to the baths had been a chronic sufferer from heart trouble which was the cause of his demise.

Deceased was a resident of San Francisco and was accompanied by relatives on his vacation trip to this valley.

The auto camp for Sonoma has been changed from the Plaza to the Lawrence Villa property.

Sixteen new members joined the B. M. Assn. last week, the majority through the efforts of John Pluth, one of the new membership captains. Secretary LaTorres, reports much correspondence along promotion lines.

## Progress and Prosperity

By Our Campaign Manager

On the site of the original Agua Caliente Springs Hotel now stands a modern and attractive resort and cafe, owned and conducted by Sal Carlo.

Mr. Carlo, with a host of friends in San Francisco, realizing the vast possibilities of the Valley of the Moon, recently made a large investment in the purchase and improvement of this property. Every imaginable comfort and entertainment is afforded the tourist or visitor to the Sonoma Valley. Accommodations are available for upwards of 100 guests, and the grounds are probably as beautiful as one will find in the valley, with their profusion of roses and shade trees. Of historical interest, too, is the old adobe house where peace was signed at the conclusion of the famous Bear Flag rebellion in 1846.

You often hear of real Italian cooking, but how often do you really have the pleasure of partaking of it? You can be assured of the character of the dinners at Sal Carlo's for Pietro, the genial chef, left a famous restaurant in Rome less than a year ago.

As for the Lark, it is a veritable metropolitan cafe set down in this picturesque valley. Dancing, music and talented entertainers make the evenings pass only too quickly.

The valley should be proud of a booster like Sal Carlo, genial host, ardent worker for the Valley of the Moon and a clean-cut, progressive business man.

Quoting Mr. Carlo: "Though I have traveled extensively, I have yet to find a section more pleasing than Sonoma Valley, and I shall always work wholeheartedly for its future."

## Sonoma Grammar School Graduates Large Class

### ARCHBISHOP HANNA CONFIRMED 85 CHILDREN

The confirmation at St. Francis Catholic church last Sunday when Archbishop Hanna confirmed a class of 85 children was one of the most impressive and beautiful ceremonies of the kind ever held in Sonoma.

The church was thronged with members and friends of the parish and at 4 o'clock the little girls in their pure white dresses and the boys neatly attired and with soldierly bearing marched to the altar where they received the holy rites of the church. Archbishop Hanna in his masterful oratorical style, spoke in both English and Italian.

Acting as godfather for the boys was Joseph Dowdall, while Mrs. Erhardt Steiger officiated for the girls.

### Twenty-Nine Pupils Received Diplomas on Thursday Night

The class of 1922 of the Sonoma Grammar School is the largest to be graduated in the history of the school. 29 pupils having received their diplomas Thursday evening. It was a fine looking class, giving every evidence of high grade scholarship, and applause greeted each of the young people as certificates of graduation were conferred upon them amidst the usual deluge of flowers and gifts from relatives, friends and admirers. The highest scholarship marks in the class was achieved by Miss Frances Murphy, daughter of Mr. and Mrs. R. E. Murphy and the second highest by Miss Jennie Downey. Those who received diplomas were Victor Eriach, Herman Haynes, Zada Stillings, Lucy Pfalzgraf, Allen Bean, Radford Keifer, Frances Murphy, Alma Barrett, Fern Tapscott, Anita Murray, Walter Kiser, Peter Keiser, Stanley McGill, Helen Tracy, Emma Papina, Vivian Arriola, Hazel Wedricks, Beatrice Boyd, Aubrey Davis, Jennie Downey, Louise Barracchi, May Bianchini, David Stillings, Jane Eberhard, Vernon Whitlatch, Everett Murphy, Kenneth Corman, Margaret Froment and William Bellindini.

Next term another teacher will be hired, making eight in all. The entire building is now in use, it being necessary to move the sewing room to the auditorium and convert the domestic science quarters into a second grade class room. The Sonoma Grammar School's expansion under Principal Prestwood testifies to the splendid satisfaction given by the school to our growing community. Future classes are expected to be as large or larger than this year's graduating class.

### SANTA ROSA VISITOR IS SHOT IN LEG

W. R. Todd Seeks Medical Aid After Being Wounded By Bullet.

Sunday night, Wm. R. Todd, an automobile dealer of Santa Rosa, who had come to the valley for a day of enjoyment, appeared at the office of Dr. A. M. Thomson, suffering from a bullet wound in his leg. He declared that a 32 calibre pistol was found in his car and that in examining it and seeking to unload it, the gun accidently went off. Dr. Thomson gave first aid and then sent the victim of the accident home to Santa Rosa.

It was reported there that Todd had become remorseful while in Sonoma and attempted suicide, the loaded gun having been struck from his hand by a friend and the discharged bullet striking the young man in the leg. The large bone of the leg between knee and thigh was badly splintered. Todd is now a patient in a Santa Rosa hospital.

### MANY VISITORS TOMORROW AT GOLF CLUB INSPECTION

The opening of the Valley of the Moon Golf and Country Club will attract about two hundred visitors and members tomorrow. Santa Rosa, San Rafael, Napa, and Petaluma golf enthusiasts will enjoy the hospitality of the local golf club which has invited golf players to bring their sticks, try out the new nine hole course and enjoy a barbecue lunch under the trees.

New members continue to join the club, among recent acquisitions being the Donnelly sisters, Fred Stuermer, H. McCarthy, Frank Weaver and others.

### FOURTH OF JULY EVE BALL TO BE HELD IN SONOMA

A grand ball on the night of July 3rd will be given at Union Hall, Madame Macerilla's orchestra to render the music. This is the only festivity planned for the holiday in Sonoma, but the ball night will be a gala one, featuring a midnight review, when clever acts, patriotic and miscellaneous will be presented.

Miss Miller was hostess to the Flying Needles at the Erasmus home near Cooper's bridge on Wednesday.

## EL VERANO NEWS

By ARCHIBALD McKIVER

Miss M. Kearney of Oakland is a guest of relatives this week.

Miss Irene Dowdall was here they week end, a guest of relatives.

Mrs. Joe Davis was a visitor to San Francisco the first of the week.

Jack Larsen and wife of South City are the guests at the T. H. Baines home.

Mr. and Mrs. J. Andrews have returned after a several days visit in San Francisco.

L. Geshwindt manager of Paul's Resort, was in San Francisco over the week end.

J. A. England of Sonoma passed through here Monday enroute to the City of Roses.

Miss Mary Walsh of San Francisco was the guest of Sonoma Valley relatives Sunday.

George Engler, Sonoma Valley pioneer, was in the bay city Monday on a business trip.

Mrs. Griffin of San Francisco is here at her summer cottage for the summer months.

T. Kearney took in the Shriners' celebration the later part of last week in San Francisco.

Cliff Alexander, formerly a property owner here, was a visitor from San Francisco Sunday.

John Angeles, well known El Verano potentate, has returned from the Shriners' celebration in San Francisco.

Easy Bill of the western foothills, who 25 years ago was the side kicker of Easy Jim, Vineburg correspondent, was in vaudeville throughout the Sonoma

Valley, was in town Sunday inquiring of his old stakemate, having read about his love affair in the El Verano news with one of his sweet assistants. Easy Bill is all excited over the report.

Mrs. J. Staudinger has left for San Francisco enroute to her old home in Cincinnati, where she will visit with relatives.

Miss A. Nonella, formerly popular El Verano girl, but now of San Francisco, was here over Sunday the guest at the Nonella home.

Francis E. Stone of San Francisco, aged 30 years, died here last Saturday. He was here on his vacation, and was stopping at one of our resorts.

Jack Ford, assistant district attorney and prominent lawyer of Santa Rosa, was through Sonoma Valley last Sunday accompanied by his wife and little daughter.

Miss Gertrude Dowd, charming and clever entertainer at the Lark, was a San Francisco visitor this week, going down to look over the latest styles in the city shops.

A trainload of chicken feeders passed through here one day last week from the wilds of Nevada, consigned to Santa Rosa, where the worn out horses will be used for chicken feed.

Matt Frankovich, while swimming in the tank at Boyes Springs Sunday morning, died of heart failure, and was buried at Verano Monday by the local lodge of Woodmen of which he was a San Francisco member.

Two more carloads, including a Pullman, passed through here Monday via the S. P. from the wilds of Maine. On board were a number of lumberjacks, consigned the the woods

of Eureka, to work in the lumber camps.

The El Verano post office is now receiving an evening mail via the N. W. P. at 6:32 p. m., and also a Sunday mail, arriving on the S. P. at 10:48 a. m. On the S. P. mail will be received and dispatched on Train

No. 68, arriving at 10:48 a. m. for Santa Rosa and on Train No. 67, arriving at 3:14 p. m. towards Vallejo, on week days.

Monday, at Verano, Joe Udouch of Our Resort bumped the Vincent's butcher delivery wagon. Both drivers were badly jarred, but escaped any serious accident. Joe, in explaining the accident, said there were several daredevil drivers in Sonoma Valley and that he was one of them. He took all the blame and promised to be more careful in the future.

The Sons of Hermann and Eagles of Petaluma called on H. Koerner of Oak Grove Sunday to talk over the prospects of holding their annual picnic at this wonderful picnic ground this year. These lodges could find no better grounds than these of Sonoma Valley to hold their reunion. The plan is to hold their outing in July and the committee looks favorably on the Oak Grove grounds which will no doubt be chosen at the next meeting of the orders.

George Bruns returned from Santa Rosa last Friday where the Bruns divorce case is being aired in the courts. Mike Bohlig, the man in the case, who was at Santa Rosa from Hayward last week, was summoned as a witness to appear next week in court. It is said that it took the entire sheriff's force to locate Michael in the big city of Santa Rosa. After three hours scouring the different niches and corners of that city, the former Beau Brummel was found and the necessary papers served on him.

A large number of small fry were shipped to this place last week from the Fish Commission at Sisson, Cal. These fish have been distributed in the different streams throughout the Valley. Now that these streams have been stocked, we hope that a fish commission will be stationed here during the fish season as the unlawful catching of trout is practiced by a number of our anglers which is unfair to the law-abiding fishermen, who, when the season for fishing opens, find the streams fished out by these undesirable law breakers. We hope that something will be done so that all may enjoy fishing in the streams of the valley and not a certain few who get all the sport unlawfully. What we want and need is a fish warden to watch these so-called sportsmen.

### MRS. CLAUDE JOHNSON ACTIVE IN HEALTH WORK

The Sonoma County Health Association lunched together at the Occidental Hotel Tuesday of last week. Miss Thielie, field worker in the interest of the fight against tuberculosis, spoke during the luncheon, and outlined her work. Dr. Juell, president of the association, introduced Miss Thielie. Mrs. Shaw, of Cloverdale, Mrs. Colman of Petaluma and Mrs. Johnson of Sonoma were among the out of town guests at the luncheon. It was decided by those in attendance that they would confine the year's work to re-installing the county health nurse and to the erection of a tubercular pavilion at the county health farm.

After the luncheon the association went in a body to the Board of Supervisors and asked for a hearing. July 12th was set at which time the needs for the county for supporting this work will be shown.

### FAREWELL GIFT TO FARM ADVISOR

Members of Bennett (Calistoga) Farm Center at their meeting Thursday evening presented a solid gold stick pin to Farm Advisor H. J. Baade who is soon to leave for Europe, accompanied by his wife, where he will do government research work for a year.

A. L. Hawke, Director of the Center, made the presentation in well chosen words, declaring the pin to be a token of appreciation of Mr. Baades good work in behalf of their community. The recipient responded feelingly. The design of the pin is a rooster.

### YOUNG COUPLE SETTLE IN SONOMA VALLEY

Mr. and Mrs. Noel Weltz, (nee Lily J. Neukom) have moved from Martinez to Sonoma Valley and will reside on the Weltz ranch on Lower Broadway.

#### ALAMEDA YOUNG LADIES VISITED IN SONOMA

Miss Virginia Dunn and Miss Alfredda Monotti of Alameda have been enjoying a vacation in our historic city. Miss Dunn is the daughter of the efficient office assistant of J. J. McNeary of the San Francisco Examiner and Miss Monotti is the daughter of A. Monotti, the local grocer. The young ladies enjoyed many diversions while in the Valley of the Moon, including horseback riding, which they found quite strenuous.

#### STATE AGENT FINDS FOOD PRICES STEADY

Prices on staple food stuffs in California changed only slightly during the last three months. This is according to a statement made by W. G. McMillan, state purchasing agent, who has just received bids for supplying food to the state institutions for the next three months.

While the price on some foods advanced considerably in the three months, McMillan declares the costs of other articles decreased proportionately, thus making the change very slight.

One of the biggest changes was in the price of beans. The new bids on Lima beans averaged \$9 a hundred against \$7.50 three months ago, and the price of white beans was quoted at \$8 per hundred against \$6.50 for the last quarter.

The price of flour decreased approximately 75 cents in the three months, the new price being \$6.25 a barrel.

Dried fruit prices advanced about 15 per cent due to the fact, McMillan explained, that the old crop practically is cleaned up and the new crop is not yet available.

The price on potatoes was quoted at \$1.74 a hundred, which is about the same price obtained three months ago. There was no change in the price of cereals and mush.

The price on beef is approximately half a cent lower than three months ago, the new prices being 11 to 12 cents per pound for steer beef and 10 to 11 cents on cow beef. Mutton is from 2 to 3 cents cheaper, the price averaging 16 cents per pound.

There was an increase of 3 cents a pound for ham, the new price being 32 cents. Bacon prices remained the same, 25 cents a pound.

McMillan declared that the prices on dry goods remained practically the same, but he looks for an advance during the coming three months.

#### CLUB NOTES

At the social afternoon of the Sonoma Valley Woman's Club on June 16th, it was decided to pay off the \$900 club house mortgage or a portion thereof by having each member of the club raise or donate \$5. The money is to be paid in by September. The members will work in groups or as individuals to make the necessary donations and many novel schemes have been devised which will be detailed at meetings following the regular July vacation.

The program Friday afternoon of last week was directed by Mrs. W. L. Murphy, of the music section, Music of Long Ago being chosen as the offering. A paper descriptive of the charms of old time music and days of long ago was read by the program director and songs and numbers as referred to were presented by talented participants, including numbers from the Grammar School's Company of Ye Little Olde Folke, Miss Florence Murphy, accompanist. Other participants in the program were Mrs. Lulu Emparan, I Cannot Sing the Old Songs; Mrs. Carrie Burlingame, Long Ago; Mrs. Robert Poppe, Monastery Bells; Mrs. A. Bates, The Maiden's Prayer; Miss Lucile, Fochetti, Home, Sweet Home, and Mrs. Emily Poppe Grinstead of Sacramento. The latter rendered, I Dreamed That I Dwelt In Marble Halls, the former Sonoma sweet singer being enthusiastically received. The refreshment committee substituted for Mrs. Fred Schell, hostess, served iced tea and cake following the program and there was a delightful social hour.

Until we meet again in August,

#### JACK FORD HAD A

#### NARROW ESCAPE

Issuance of a warrant for the arrest of M. H. Cooper of San Francisco on a reckless driving charge, resulted Tuesday following what is alleged to have been a traffic violation Sunday at a narrow bridge on the Lakeville Sonoma road when Cooper is said to have swerved in front of an automobile driven by J. W. Ford, deputy district attorney.

Serious injuries and possible death were averted by Ford when he applied the brakes to his automobile, bringing it to a stop before it could go off the road into the 80 foot canyon, it was stated. The complaint was filed through the county traffic office.

Both automobiles were proceeding east on the road when Cooper is said to have cut in front of Ford a few feet before the bridge which is too narrow for cars to pass in safety, it was reported.

#### JEROME KEARNS

#### PASSES AWAY

Jerome Kearns, friend of Mr. and Mrs. Arthur Mosso, who was very popular while in Sonoma Valley, passed away at an army hospital last week after a protracted illness. The young man had seen strenuous service in the army and navy which undermined his health. He traveled all over the world during the war and was a wireless operator in the Philippines.

Two weeks ago he left the beautiful home of the Mossos in this valley where he had been the recipient of every attention and kindness. No more was heard of him until news of his death reached his Sonoma friends. It was then too late for Mr. and Mrs. Mosso to attend the funeral but they sent a lovely floral piece for the casket of the young ex-service man who is now at rest in the Presidio cemetery at San Francisco.

#### NEW HOMES BUILDING IN BOYES SPRINGS PARK

The pretty residence tract, Boyes Springs Park, of which Jas. Baines is representative, shows great activity.

The Lovetts, proprietors of the Woodleaf store are having a pretty bungalow erected in the Park as are also J. S. Maloney, Robert Ross and R. Weiner.

R. I. Wieland, ex-sheriff of San Francisco is rebuilding at Boyes, his fine home having been destroyed by fire.

Other realty activity in the vicinity of Boyes Springs Park includes the purchase of the former Moldonado home by Mr. and Mrs. B. Cabanot who also bought the Capt. Butler place. J. P. O'Brien, the contractor, who recently completed his own home has purchased two more lots and will build shortly for prospective clients.

#### FIREMEN OF BOYES SPRINGS TO GIVE BALL ON JULY 8TH

A ball for the benefit of the Boyes Springs and Valley firemen will be given Saturday night July 8th. The fire ladders will give the affair at Fetter's Theatre and already tickets are selling fast.

No provision has ever been made though former funds of the volunteer fire department for the personal needs of the fire fighters who have ruined clothes, shoes and hats and exposed themselves to risk and danger time and again while fighting fire. The coming benefit will create a fund from which they can replace their clothing when damaged and can provide themselves with water proof coats, hats and other necessities.

The public of Sonoma Valley can be depended upon to respond on this occasion and liberally patronize the dance on July the eighth.

**A VICIOUS DECISION**

A Supreme Court decision affecting the railroads may seem at first thought to be of little concern to the public, but when we realize that every consumer, producer, traveler and shipper, in fact, every individual or firm having dealings with transportation is concerned with the proposed disintegration of the Southern Pacific and the Central Pacific, we realize the far-reaching effect of the recent vicious technical court decision written by the higher court, involving these lines.

The decision compelling the dissolution and breaking asunder of two railroad properties can only result in increased cost and diminished service to the public, but according to a certain judicial point of view it is perfectly good law and jibes with antiquated acts presumably framed for the protection of the public. The judiciary which does not take cognizance of circumstances surrounding particular cases and decides on purely technical grounds, will sooner or later be discredited. Happily, in this instance relief seems to lie with the Interstate Commerce Commission which may authorize the consolidation of railroads where the public is better served thereby. The Interstate Commerce Commission will, no doubt, let the human element enter, whereas, the Supreme Court shut its eyes to that phase and branded the unified companies' operations as unlawful because opposed to the Sherman Act.

As the public is being and has been benefited by the joint growth and operation of the roads, and the territory served bears witness to the soundness of railroad policy, it is a foregone conclusion that technicalities and generalities will be shelved for the more modern recognition of public rights. The day is past and the political jargon discredited where all corporations and particularly railroads were held to be inimical to public interest. The spirit of today is sounder, more optimistic and recognizes that the interest of public service companies and the people they serve is identical.

The Board of Supervisors and the County Purchasing Agent have stirred up a hornets' nest among the printers of Sonoma County because they are giving out all county printing and publishing to the cheapest shops in the county. The Petaluma Argus rightfully asks why the Supervisors have singled out the print shops to make their show of economy. The Petaluma Argus wrongfully infers that Sonoma has been getting a lot of County printing. Sonoma has not been getting it, but a Sebastopol shop has. The reason given is that Sebastopol does work for mere nothing. The Sonoma Index-Tribune has done little or no County work, but when it does, expects to get a fair price. We pay good wages and expect a fair return on our investment. Prices based on any but a legitimate basis should not be taken cognizance of by the Supervisors. There may be a couple of robbers among the printers of Sonoma County, but we believe the majority should be trusted to prepare and recommend a fair rate for all printing and advertising and that the established rates should be adhered to. Each locality in the County should get its share of patronage for that arrangement permits the expending of County funds and the circulating of County money in the different towns. When the Index-Tribune has plenty of work it means that we hire more help and put more money in circulation in Sonoma. Profit we have to have for with it we improve our equipment and make investments which are mutually of benefit to us and every

business associate, whether plumber, lumberman, painter, banker or insurance man. The Index-Tribune believes in dealing fair and wants fair treatment whether at the hands of the Supervisors or local business men. We believe that the other newspaper men of the County are of the same mind outside of a few gougers and the extremists who never make enough off any job to become useful factors in their community. That printers should be martyrs to official economy in Sonoma County is a joke.

**QUIETING TITLE TO THE PLAZA**

The City Trustees of Sonoma are taking the proper step in seeking to quiet title to the eight acres of land which they look forward to improving and beautifying for a public park. The land was given to Sonoma by General M. G. Vallejo, then representing the Mexican government. Later, the city secured a United States government patent to the land which squatters regarded as free for all when Vallejo was no longer in authority. This patent confirmed the gift and assured the town the public square, as intended by Vallejo, but from time to time the question of the rights of the city as to the use of the Plaza has arisen until it has become imperative that the courts determine it in its finality. The question as to the legality of putting the City Hall, Carnegie Library and other public buildings in the Plaza has arisen and with it threats of lawsuits from persons other than the city authorities, claiming to have the right to revoke the gift should the terms of it not be strictly adhered to. Discord and indifference to improvement has resulted until now the city dads have decided to determine their full rights and to be vested with the authority necessary to carry out ambitious plans of progressive citizens to make Sonoma's historic park a place of beauty and recreation. With a subscription list headed by two conditional local gifts of \$500 each and the possibility of tennis courts, a children's playground with modern equipment and the probability of a civic center auditorium, to some day be erected in the Plaza, there is every reason to justify the present Board of City Trustees in its course to quiet title to the eight acre square.

The police chiefs in session in San Francisco should consider probation and parole results and make recommendations on the plan of giving wrong-doers another chance. The average citizen is coming to believe that the police are kept busy hunting down paroled men who fail to make good and who contaminate embryonic criminals. The police chiefs ought to make findings and recommendations to the courts. That leniency may be increasing crime there is no question.

**FLAMES DESTROY HOME AND INJURE CHILD****Summer Visitors Had Misfortune On Day of Arrival in Sonoma Valley**

Last Sunday, the explosion of an oil stove in a cottage at Sonoma Vista set fire to the house and severely burned a little girl, a member of the White family who had rented the place for the summer. The cottage was owned by Miss L. Lockyear of San Francisco. Mrs. M. White and family of San Francisco arrived Sunday for an outing and shortly after Mr. White had left to return to the city, the explosion occurred which caused the disastrous conflagration. In attempting to escape from the flaming building, the child was painfully burned about the legs.

W. D. Sloan of Sonoma Vista and a number of neighbors were first on the scene and succeeded in saving a few household goods. The Sonoma and Boyes fire departments responded and kept the flames from spreading, for the cottage was already doomed to complete destruction before the fire alarm was turned in.

Dr. Hays attended the burned child and the mother, who was slightly burned while going to the rescue of the little girl.

Miss Clara Delman of Santa Rosa has been visiting at the Stofen home.

J. H. Segel, the efficient and courteous young man who has been getting the service station business of the Standard Oil Company well started in Sonoma, has made an excellent record with the big oil concern since joining the organization. He was formerly in the intelligence department of the government during the war and rendered valuable service on account of his ability as a linguist and his natural alertness. He was born in South America.

**RECEIVER IN CHARGE OF EXPOSITOR-FORUM**

Meta C. Stofen Appointed By Court As Result of Suit Brought By O. L. Hose Against Partner.

As an aftermath of the suit filed in April by O. L. Hose against Henry Watters, the Expositor-Forum, conducted by the partners, is now in the hands of a receiver. Miss Meta C. Stofen was appointed Friday of last week by the court to take charge of all business for the litigants as prayed for in the petition of plaintiff. She is now discharging her duties and will continue to do so until the suit is settled.

Hose charges Watters with appropriating money to his own use, but after filing suit gave him several weeks in which to give an accounting or make a settlement. Despite the efforts of an accountant from a Santa Rosa business college and of Watters himself no account was rendered and as a result the suit was pressed to its present climax. The following is the text of the complaint filed by Hose, the crippled partner of the business concern, against Watters:

In the Superior Court of the State of California, in and for the County of Sonoma.

O. L. Hose, Plaintiff, vs. Henry Watters, Defendant. Complaint.

The plaintiff complains and alleges: That on or about the 14th day of April, 1917, the plaintiff and defendant, at Sonoma, in the County of Sonoma, State of California, entered into and formed a co-partnership for the purpose of publishing a newspaper and doing a general job printing business under the firm name and style of Sonoma Expositor-Forum, and that they thereafter entered upon and continued to transact such co-partnership business under their firm name.

That since the commencement of said partnership, the defendant has, from time to time, applied to his own use, from receipts and profits of said business, large sums of money, greatly exceeding the proportion thereof to which he was entitled, to-wit, in sum in excess of three thousand dollars.

That the defendant still continues to collect the co-partnership debts and appropriate the money to his own use, greatly exceeding the proportion thereof to which he is entitled, to the detriment of the business of said firm, and the injury of the plaintiff.

Wherefore, the plaintiff demands judgment:

1. That a receiver of the property thereof be appointed, with the usual powers.

2. That an accounting be taken of all the said co-partnership dealings and transactions, from the commencement thereof, and of the money received and aid by the plaintiff and defendant respectively in relation thereto.

3. That the defendant be restrained by injunction from interfering with the debts, or moneys or property or effects of said partnership.

4. And for such other and further relief as may be just, with the costs of this action.

### ONE GRAND SUCCESS WAS FIREMANS BALL

Sonoma Valley responded nobly by turning out enmasse to the benefit ball for the Sonoma Volunteer Fire Department last Saturday night. Union Hall was thronged with dancers and every one who attended had a splendid time.

The boys had decorated Union Hall as it has seldom been decorated before, flags, evergreen garlands and special lighting effects making it most attractive.

The augmented Maerilla orchestra furnished music for dancing and proved exceptionally popular, repeated encores being necessary to satisfy the dancers. Refreshments served by a volunteer committee of ladies netted a handsome sum for the department and added to the social side of the evening's enjoyment.

Dancing continued until the wee small hours of the morning and the merry-makers reluctantly left for their homes, so thoroughly did they enjoy this fine affair.

Special features of the occasion were the speech of attorney Frank Sprague who spoke of the appreciation of the firemen for the fine attendance and who also voiced community appreciation of the fire departments of Sonoma and Boyes Springs.

Among honorary attendants at the ball were members of the original Sonoma Volunteer Fire Department, organized here in 1889, among them, George Engler, in the classy uniform which was worn on dress occasions by the boys in the old days.

### ASSESSOR HOKE SMITH ATTENDED FIREMEN'S BALL

Assessor Hoke Smith of Santa Rosa was in town last Saturday and was among those who attended the firemen's ball. Mr. Smith is well known to Sonoma Valley folks and met many old and made many new friends while here.

At the August primaries he will be a candidate for re-election. Mr. Smith served as a deputy under the late Frank Dowd for years and knows assessing from the ground up.

A Sonoma woman, who is a voter, declared at the dance that if Mr. Smith runs as well as he "steps" he will surely be elected again.

Deputy Assessor Dal Emparan introduced his chief to many of the firemen and their friends.

### FIRE ENGINES SAVE MUCH PROPERTY THIS WEEK

The fire laddies of Boyes Springs and Sonoma have been kept on the go the past week and as a result of prompt response, saved much property. Last Saturday the Sonoma fire bell called the department to the Sam Lewis slaughter-house where a brisk grass fire was menacing barns and out-houses. It was promptly controlled.

Friday night of last week the Boyes and Valley department made a run to the State Home where valuable aid was rendered. Sunday both departments were called to fight the fire which destroyed the cottage at Sonoma Vista. They kept the fire from spreading to adjoining property.

Monday, the boys of Chief Cause's brigade were called to Caliente Park to fight a grass fire. Tuesday at noon, responded to an S.O.S call to the Spreckels ranch where a grass fire there had gotten beyond control.

In addition to this work in fighting fire, the Boyes Springs company has recently been burning off grass along the highway and on property where requested, to avert all possible future conflagrations.

Mrs. Berg and her daughter, Miss Thelma, accompanied by other relatives of Alameda, and Oakland, were here Sunday, guests at the home of Mr. and Mrs. D. Hatton. The Hattons plan a trip to Humboldt county next month, Mrs. Hatton's son-in-law Mr. Zimmermann having a big bridge contract there.

Miss Eugenie Froment, who has been visiting in San Francisco returned this week to witness the graduation of her sister, Marguerite, from the Sonoma Grammar School.

Arthur L. Drake of Santa Rosa has been elected second vice commander of the Santa Rosa Post, American Legion. Plans are maturing for a dance and picnic for all the posts of Sonoma county.

Mrs. Charles McDevitt accompanied by her daughter Marguerite and son, Francis, left here Tuesday for the popular Sierra resort, the Summit Hotel, where they will spend the summer. Mr. McDevitt conducts the resort, together with Joe Andrieux, a nephew.

Everett Sprague of Alameda has been visiting Sonoma relatives. Everett will be a senior in the Alameda high school next year. He left for Los Banos Thursday where his father is practicing medicine and where he will visit his parents during the summer vacation.

### YOUNG LADIES INSTITUTE TO BE FORMED HERE

The members of St. Francis parish are busy organizing a Young Ladies' Institute council for Sonoma Valley. With a flourishing council of Y. M. I. the young ladies' auxiliary will be a splendid help to the parish and in addition to its social advantages will add much to the advancement of worthy Catholic work in the community.

### SUCCESSFUL DANCE GIVEN BY SONOMA VISTA CLUB

The second annual ball given Wednesday evening by the Sonoma Vista Improvement Club was a great success socially and financially. About \$300 was cleared for the club house debt.

The live wire committee and all who donated to the good cause of helping the organization to succeed are being praised by the Sonoma Vista folks.

**POULTRY PRODUCERS' BUSINESS**  
By John Lawler  
Assistant Manager Poultry Producers of Central California, Inc.

Receipts of eggs during April were 18,507 cases weekly, or an increase of about 8 per cent over March receipts. However, April receipts were 7 and one half per cent less than for the same period last year. April in both years was the high point of production. According to the bureau of markets, receipts of eggs on the San Francisco market have not been as heavy this year as last. On the other hand, in direct contradiction, we have the storage figures showing over 6000 cases more in storage in San Francisco this year. This difference is undoubtedly due to the fact that fewer eggs have been shipped east this year than last during the periods under comparison, for we firmly believe that consumptive demand has been greater recently.

The storage holdings in southern California are greater than ever before at this season, and latest advices from Los Angeles show that there are 33,584 cases more in storage now than a year ago at this time. We also learn from the bureau of markets that the holdings in the four leading markets, (New York, Boston, Chicago and Philadelphia) are more than 600,000 cases greater than last year. The movement into storage during the month of May has continued heavy, and while production locally seemed to have dropped off somewhat, the receipts at all the principal markets of the United States continued very heavy. The storage season is about to close, and we shall have to depend upon outside consumptive markets to absorb our surplus.

The market during May ranged higher than a great many authorities had predicted.

Our operating fund made a further gain of \$6241.97 during April, and on April 30 showed a credit balance of \$24,978.59. Additions to our eastern shipments account during April were \$4789.19, which brought the total credit up to \$37,578.80 on April 30.

Capital stock deductions during the month of April brought our capital stock fund up to \$400,071.24, exclusive of reserves; and you will note that up to April 30 it had not been necessary for the association to borrow money with which to carry on the business and take care of storage shipments.

During the month of April, 57 members signed the produce sale agreement, of which two were members who had previously withdrawn.

#### LIVERMORE PLANS TO HAVE BIG RODEO

Livermore is out to tell the whole wide world that its big annual classic the Livermore Rodeo, this year is to be just twice the size and several times the fun of anything of the kind California has ever had offered it. The rodeo this year will outlive the best efforts of Pendleton and Cheyenne, but at that it is to be only one feature of a Spanish fiesta that promises three of the biggest possible days and three bigger nights.

The whole town will be dressed in the Spanish fashion and the features of the entertainment will be plucked right out of the history of the days before the Gringo came. A Spanish dance hall, with a Spanish orchestra, Spanish dancing and everything that goes with it will be only one of the many features of the kind. The 143rd Field Artillery will encamp at Livermore during the Fiesta and will put on daily a spectacular military feature.

The dates set for this year's big show are July 2, 3 and 4.

Miss Angelina Barracchi, who is employed in San Francisco, was visiting her folks here over the last week end and took in the benefit for the fire department Saturday evening.

#### BOY TYPEWRITING WONDER VISITS HERE

Ten years old George Pfeil, the San Francisco typewriting marvel, who in a recent contest won the boys' championship by turning out 130 typewritten words per minute is visiting Mr. and Mrs. B. T. Clerk of the Waller Tract. George is just a regular boy, even if he is a speed marvel. He loves to swim and romp and play and is thoroughly enjoying his vacation in Sonoma Valley.

The Clarks regard him as one of the family, as the boy's father and Mr. Clark were camp mates in the Spanish American war, seeing service in the Philippines.

The typewriting marvel is a pupil of the John Swett school in San Francisco and says he attained his proficiency by practicing 30 minutes daily for the past two years.

After his vacation here George will go to Los Angeles to demonstrate his speed for a typewriter company in the south.

Mrs. J. T. MacQuiddy, who has been in poor health following the loss of her home by fire and her husband's death, is somewhat better and is at present visiting relatives at Bakersfield. She intends going to Long Beach later in the season.

#### MAJOR HARRY HILL DIES IN SAN FRANCISCO

Word has reached here of the death of Major Harry C. Hill, uncle of R. P. Hill of Eldridge. Mr. Hill and wife have been at the bedside of their relative for some weeks past in San Francisco.

Major Hill had attained the advanced age of 85 years. Deceased was a native of Pennsylvania and a brother of the late William McPherson Hill, a supervisor and large property owner of pioneer days in Sonoma county.

#### INDIAN JACK, AGE 104, VISITS NAPA FRIENDS

Indian Jack, who is 104 years old and who formerly lived in Napa, but is residing in Sonoma at present, visited at the home of Robert Oliveras in Napa over the week end.

Indian Jack has changed his name to Sonoma Jack.

Despite the fact that he is 104 years of age, Sonoma Jack is in good health and good spirits.

He attributes his long life to the fact that he eats and drinks and smokes when and what he likes.—Napa Register.

# What about carbon?

Chemical analysis shows that all lubricating oils are composed of about 85% carbon and 15% hydrogen in chemical combination.

All lubricating oils form carbon when burned in the combustion chamber. The important thing to determine is the amount and kind of carbon formed by the oil.

Some oils form a good deal of carbon, some a small amount; some produce hard, flinty carbon which will cause a great deal of trouble; others produce a soft, flaky carbon that will do no damage.

The important factors determining the amount and kind of carbon formed by a lubricating oil are the crude from which it is made, the process and care of refining it, its purity and stability.

#### Advantages of Crude and Vacuum Refining

Great care is exercised in selecting the crudes from which Zerolene is made, to secure only those which contain the most desirable lubricating values and at the same time as little as possible, if any, of the undesirable hydrocarbons such as wax and asphaltum.

In selecting crudes for Zerolene, the Standard Oil Company has the advantage of its own large production of practically every type of crude oil. For this reason the company is not compelled to use any particular crude because it happens to be the only one available.

These selected crudes, carefully refined by our own patented, high-vacuum process, produce in Zerolene, oils of the highest lubricating value, which, when burned in the combustion chamber, develop a very small amount of carbon of a soft, flaky nature, which can do no harm and usually blows out entirely with the exhaust.

## BIG REPUBLICAN CAUCUS IS CALLED FOR JULY 1st

That the Republicans of this congressional district are getting down to business on the selection of a congressional candidate to beat Congressman Clarence Lea is quite evident. This district is giving great concern to party leaders who realize that the Democrats have easy going ahead of them with Clarence Lea in a field of Republican gallopers. They will now try to eliminate all the also-rans and pick a real winner from among the Republican talent available. Here is the latest move of the Republican state chief:

Raymond Benjamin, chairman of the Republican State Central Committee, has telegraphed the chairmen of the county committees in the eleven counties of the First Congressional district, asking them if they will meet at Santa Rosa July 1 to select a Republican candidate for Congress in that district. Benjamin left for Los Angeles Tuesday, but before leaving, he sent the following message:

"All candidates for Congress in the First District have agreed to abide by the decision of chairmen of the county committees that district as to which candidate shall remain in the field for the Republican nomination. I therefore request your attendance at a meeting of such county chairmen to be held at the court house, Santa Rosa, on Saturday, July 1, at 2 o'clock p. m., with this purpose in view. Please wire immediately if you will attend this meeting."

At once three favorable replies were received at Benjamin's office. They were from H. D. Degaa, chairman of the Glenn county committee; Charles M. Mannon of Mendocino county and H. W. A. Weske, Sonoma county.

There are at present only two men contending for the Republican nomination. Euville Howard and Charles Bodwell, although several others have been mentioned as likely contenders. Howard and Bodwell have agreed to the chairmen of the eleven counties deciding the issue and the meeting is looked upon as one of the most important of the 1922 campaign.

## ATTORNEY JOS. P. BERRY IN TOWN WEDNESDAY

Attorney Joseph P. Berry, one of the best known and talented members of Sonoma County's law fraternity was in town Wednesday on legal business.

Mr. Berry is a candidate for the postoffice at Santa Rosa and his proud record as a four minute man during the war makes him a formidable one.

Berry is a son-in-law of the late Frank Koeing, formerly proprietor of the Union Hotel here.

## IMPRESSIVE BAPTISMAL AT TRINITY SUNDAY

Impressive baptismal services were conducted by Rev. William Short of Santa Rosa at Sonoma's Trinity Episcopal church Sunday the 11th. Children of Harold Pauli and of his brother, Clayton Pauli were christened. The Pauli family, including the sisters were all here for the impressive ceremony. They are brimful of sentiment for Sonoma Valley as their mother, Amy Clayton, was among the earliest of the Episcopalians in the valley and at Locust Grove all her children were brought up in that faith. The third generation has now been baptized here.

## SONOMA VALLEY VINEYARDISTS HAVE BIG CROP

With the prospects of one of the biggest grape crops in years Sonoma Valley vineyardists are jubilant over the outlook for 1922. The prices established by the Association and offers from independent assure them an immense revenue from the acreage they thought doomed by prohibition. The vines this year benefited from the heavy rainfall, and the extreme cold kept back growth until after all danger from frost had passed. As a result, the vines made a good growth uninterrupted and a fine crop of grapes has set. Unless unlooked-for rains should spoil the fruit at vintage time, the grape growers of Sonoma county will reap a rich harvest. Eastern shipments are expected to exceed those of last season.

The reason assigned by the grape growers for this phenomenal and ever increasing demand for their product since the enactment of prohibition is, that when the sale of wine was legal the market for California grapes consisted only in the wineries, some 700 of them in this state. But now, with wine denied, the use of grape juice has become so prevalent in the American homes for the concoction of fruit juice drinks that the market has thereby become expanded to upwards of a million individuals.

The following is the list of 1922 prices on different grades of wine grapes, the prices of last year and before prohibition:

Alicante Bouschet, Alicante Ganzin Petit Bouschet, Graid Noir and Le-noir, 18 per cent sugar, \$105 a ton, \$90 a ton in 1921 and \$40 in 1917.

Petit Sirrah, Cabernet Sauvignon, Cabernet and Mission, 20 per cent sugar, \$80 a ton, \$75 in 1921 and \$35 in 1917.

Mataro, Carignane, Grenache, Black Burgundy, Belcan, Mondeus, Valdepenas, Black Pinot and Charbono, 20 per cent sugar, \$75 a ton, \$70 in 1921 and \$30 in 1917.

Malvoise and Zinfandel, 20 per cent sugar, \$72.50 a ton, \$70 in 1921 and \$25 in 1917.

Colombar, Semillon, Folle Blanchei Chasselas, Sauvignon Vert, Pedro Jimenes, Sauvignon Blanc, Palomino, Reisling, Green Hungarian, Traminer, Gutedel and West's Prolific, 20 per cent sugar, \$50 a ton, \$60 in 1921 and \$20 in 1917.

Burgers, 18 per cent sugar, \$40 a ton, \$50 in 1921 and \$15 in 1917.

Fehér Szagos, 20 per cent sugar, \$25 a ton, price not set last year and \$20 in 1917.

Tokay culls and strappings were set at \$15 and \$30 respectively.

Sonoma Valley land, which has been recognized as finer than that of the Rhine or France or Italy for wine grape culture, is destined to be more valuable than ever before in its history if prohibition conditions are permitted to continue. Financially, prohibition seems to be a success, morally it is a distinct failure as it undermines high principle, does not promote temperance and begets disrespect for law and order.

## AUBURN-TRUCKEE SUMMIT OPEN FOR TRAFFIC

The Auburn-Truckee route over the Sierras is expected to be open by the 19th for general traffic.

Today Auburn and Truckee delegations, supplemented by State Highway Commission crews, are clearing the roadway of a foot of snow remaining between the Summit Hotel and the Subway. Crews are working from both sides.

Careful driving will be necessary for a few days following the opening of the road—Sacramento Bee.

## WRITES SONG OF THE VALLEY OF THE MOON

A community song has been written for Sonoma Valley by Otto Cesana, young San Francisco musician and composer who got his inspiration from several weeks spent in our famous Valley of the Moon. He will present the song to the Valley of the Moon Chamber of Commerce for its consideration. The words and music are both from the pen of the clever Cesana, who is at present employed at one of the resorts as a pianist. The song has a wonderful chorus written in 3-4 time.

In a write-up on radio concerts in the San Francisco Call recently Cesana received the following press notice:

That the writing of music is not necessarily inspirational but an art that is scientific and technical and that music can be written to order the same as a news writer pounds a story off on his trusty typewriter, is the contention of Otto Cesana, the young San Francisco musician, who was featured in a concert which was broadcasted under Call auspices by the Rock Ridge station of the Atlantic-Pacific Radio Supplies Company.

It isn't every one who can write music, any more than every one can write news or a novel, Cesana says; but any one who has the proper education in music writing can compose when the occasion demands it.

Young Cesana is a native of Italy, but has been a resident of San Francisco for the last 15 years. He began the study of music 10 years ago, and then, three years later, forsook the muse to become an apprentice machinist. He served his apprenticeship and, from all accounts, was a pretty fair young machinist when he resumed his studies in music in 1918. He has been the pupil of Guyila Ormay, Uda Waldrop, Julius Gold, Wallace Sabini and Domenica Brescia. Brescia, by the way, is the name of his birthplace.

## CHAMPLIN & PECK BUY THE WEST END DAIRY

As stated in these columns last week, Champlin & Peck have taken over the West End Dairy, formerly conducted by George Carpenter.

When Charles Champlin, First, drove into Sonoma Valley in the fall of 1886, he hunted up General Vallejo to buy a dairy ranch. Mr. Champlin had some 60 head of cows, including young stock—the same number which the Champlin ranch carries today.

The picking was good in those early days and Mr. Champlin picked a ranch of 300 acres four miles southwest of the Vallejo home—a ranch with abundant water, shade for the cows, verdant pasture and excellent land. For many years, until his death in 1892, Mr. Champlin conducted a dairy, always getting top prices for his products on the San Francisco market. His son, A. W. Champlin, then carried on the dairy until he retired and rented the ranch to Swiss dairymen for a few years.

Finally, in 1919, the present Charles Champlin felt the call of the soil, forsook professional life and came back, bringing his parents to spend their declining years on the old home ranch, and, naturally began dairying.

The business was so unexpectedly successful that Mr. Champlin at once began preparing for a permanent trade—retail as well as wholesale.

C. W. Peck, who as head of a large state institution in Southern California was farming a 1000 acre ranch, incidental to his other duties, decided to retire to private life and was induced to come back to Northern California and to settle in old Sonoma. Mr. Peck purchased a half-interest in the dairy and farming business, and the firm of Champlin & Peck was established.

Owing to the pressure of other business, Carpenter sold the West End Dairy to Champlin & Peck and their dairy will now be known as the Jersey Dairy. See ad.

## SHERIFF'S SALE UNDER EXECUTION

JOHN LANDIS, Plaintiff vs. GEORGE CARPENTER, Defendant.

By Virtue of an Execution, issued out of the Superior Court of the County of Sonoma, State of California on the 28th day of April, A. D. 1922, and to me directed and delivered, for a judgment rendered and entered in said Superior Court, of the County of Sonoma, State of California, on the 20th day of June, A. D. 1921, in favor of John Landis, plaintiff, and against George Carpenter, defendant, for the sum of FOUR HUNDRED SIXTY SIX and 20-100 dollars, lawful money of the United States, damages, with interest thereon, from the date thereof at the rate of seven per cent. per annum till paid, together with costs and disbursements at the date of said judgment, in the sum of \$8.50, and accruing costs in the sum of \$1.00. The whole amount aggregating \$475.70, lawful money of the United States, and the same to be at interest at the rate of seven per cent. per annum till paid.

Now Therefore, in pursuance of said judgment, and execution issued and to me directed, I have levied upon the following described real property situated, lying and being in the County of Sonoma, State of California, and described as follows, to-wit:

The West half of Lot 10, containing 10 acres; and Lot 5, containing 20 acres, in Baxter's Subdivision of Sonoma Valley Lands, being in Sonoma Township in said County, standing of record in the office of the County Recorder of the County of Sonoma, in the name of George B. Carpenter, Jr., and The North 10 acres of Lot 8 in Baxter's Subdivision of Sonoma Valley Lands, in Sonoma Township in said County, standing of record in the office of the County Recorder of the County of Sonoma, in the name of George B. Carpenter.

In accordance with said order and command, notice is hereby given that on Saturday, July 15th, 1922, at Eleven o'clock A. M. of that day in the City of Santa Rosa, County of Sonoma, in front of the Court House, (at the Fourth Street entrance) I will offer for sale at public auction and sell to the highest and best bidder for cash, lawful money of the United States, all of the right, title, claim and interest of the above named defendant, of, in and to the above described property, or so much thereof, as may be necessary to raise sufficient money to satisfy said judgment with interest and costs.

JOHN M. BOYES,

Sheriff, Sonoma County, Cal. By E. Douglas Bills, Under Sheriff. Dated this 24th day of June, A. D. 1922. Lyman Green, Attorney for Plaintiff.

## VINEBURG NEWS

In the last issue of the Index-Tribune my versatile brother reporter, Archibald McKiver calls me to task for not trying to make good and talk. Well, Archie, an old school teacher of mine once told me never to talk if I had nothing to say, and last week was an off one, and I could not talk. For that matter, all I do say never amounts to anything, and Archie, you are wrong to think that I am in love with any fair assistant. As I study McManus's Bringing Up Father every day, and let my fair assistants do the loving.

Asa Kimbrough, at one time a well known orchardist of this section, but now of Modesto, was exchanging greetings with friends in this vicinity on Monday last.

Miss Mae Bosch of San Francisco is enjoying a well earned vacation and is the guest of her mother at her old home in Vineburg.

Miss Mary Batto, after several week's visit in San Francisco, has returned to her home here.

Al Trautvetter, the Sonoma dairyman, accompanied by his daughter, Miss Emma, visited friends in this section Wednesday.

Ernest Figone, one of the most popular students of Lowell Hi in San Francisco, is at present the guest of his grandparents, Mr. and Mrs. John Batto.

Roy Wyatt of Cordelia arrived here on Tuesday last to act as assistant to William E. Helberg, business manager of the C. B. Williams Company. Mr. Wyatt is an expert in shipping fruit and loading cars and has held responsible positions with the Pioneer and Earl fruit companies and is well known in this vicinity.

In another week the cherry crop will be about picked and growers all seem to be satisfied with the result.

Frederick Batto, Jr., better known as Buddie, returned home Saturday evening after a pleasant week's visit in the metropolis. Buddie intends to be a Shriner when he grows older and wanted to see how he would look dressed up as a noble potentate of the desert sands.

Misses Florence Forni, Emily Batto and Mr. Herschel Hyde represented Vineburg at the Graduation exercises of the Sonoma Valley Union High School and the three bright graduates were the recipients of many beautiful flowers.
